NEW YORK, Dec. 20.
The Tribune's Washington dispatch says that, owing to the insufficiency of the force of revenue officers employed on the Canadian frontier for the collection of customs, there is a considerable extent along the boundary.

The Commissioner of Customs to-day received a communication from the officers stationed on the St. Lawrence, of whom complain of a lack of force to thoroughly execute the revenue laws. In many instances the officers are besieged by bands of smugglers while in the performance of their duties, and the customs officers recommend the posting of United States troops to aid in the detection and arrest of these contraband traders.

The communication refers to the fact that a large number of Canadian merchants are engaged in swindling the Government out of false invoices, thereby frustrating the efforts of the Government to a considerable amount of tax due under the general law.

NEW YORK, Dec. 20.
Mr. James S. Barker, a wealthy oil merchant, and four others, were last evening arrested by the War Department to commence the expedition against that portion of the country which have for a long time been actively hostile to our Government.

General Mitchell has just been appointed Governor of New Mexico by the President.

The Tribune's Washington dispatch says it is probable that the new New York Collector will be made this week, and the chances are in favor of Mr. George C. Tamm, the Assistant Treasurer, with Mr. Conkling.

The World's Washington special says that Captain J. V. Van Dusen, of the Fourteenth Cavalry, recently cashiered, has been reinstated.

The Tribune's Washington dispatch says the new General Garrison, commanding the military district of Mexico, has been designated by the War Department to commence the expedition against that portion of the country which have for a long time been actively hostile to our Government.

General Mitchell has just been appointed Governor of New Mexico by the President.

The Tribune's Savannah correspondent, of the late election, says the late city election was conducted with great fairness. Affairs in the country present a gloomy aspect. The country is reported to be nearly impassable. It is difficult to travel, and requires no delay in rewinding, fastening, and the like.

There are many other reasons which we could give, but these will suffice with the crowning one: that it never fails to give the most entire and perfect satisfaction.

Santa Claus bearing such a gift would be worth, indeed, a hearty welcome.
